  - 2. Use of water to wash down buildings or structures for purposes other than immediate fire protection;
  - 3. Use of water for dust control;
  - 4. Flushing gutters or permitting water to run or accumulate in any gutter or street; and

**Enforcement:**

- (a) No person shall knowingly or intentionally allow the use of water from the Kendall County WCID #1 for residential, commercial, industrial, agricultural, governmental, or any other purpose in a manner contrary to any provision of this Plan, or in an amount in excess of that permitted by the drought response stage in effect at the time pursuant to action taken by the General Manager, or his/her designee, in accordance with provisions of this Plan.
- (b) **Any customer found in violation of this Plan shall receive counseling by Water District employees. A second violation will result in a \$50.00 fine. A third violation will result in a seven dollars (\$7.00) per thousand gallons surcharge being added to the customer's monthly water charge for as long as any mandatory phases of this Drought Contingency Plan are in effect. Once all mandatory phases of this Plan have been lifted the surcharges for that customer will be lifted for this occurrence.**

**Stage 3** water restrictions may be rescinded when triggering events have ceased to exist for two weeks. Upon termination of Stage 3, Stage 2 becomes operative.
